

We want our children at Highfields Primary School to leave having had the opportunity to develop social and emotional knowledge. We want to equip them with skills so that they become confident and respectful members of society.

EYFS	Through the Personal, Social and Emotional Development Area of Learning children in F1 will select and use activities and resources, with help when needed. This helps them to achieve a goal they have chosen, or one which is suggested to them. They develop their sense of responsibility and membership of a community. The children become more outgoing with unfamiliar people, in the safe context of the setting and start to show more confidence in new social situations. In continuous provision, children are encouraged to play with one or more other children, extending and elaborating play ideas. They are supported to find solutions to conflicts and rivalries. For example, accepting that not everyone can be Spider- Man in the game, and suggesting other ideas. They show an increasing ability to follow rules, understanding why they are important and remember rules without needing an adult to remind them. Children are taught to talk with others to solve conflicts and talk about their feelings using words like 'happy', 'sad', 'angry' or 'worried'. They also begin to understand gradually how others might be feeling. Children in F2 follow the Jigsaw scheme for PSHE alongside activities and resources as part of their continuous provision.
