

Highfields Primary School **Accessibility Plan**

This Accessibility Plan is drawn up in compliance with current legislation and requirements as specified in Schedule 10, relating to Disability, of the Equality Act 2010. School Governors are accountable for ensuring the implementation, review and reporting of progress of the Accessibility Plan over a prescribed period.

The Equality Act 2010 replaced all existing equality legislation, including the Disability Discrimination Act. The effect of the law is the same as in the past, meaning that “schools cannot unlawfully discriminate against pupils because of sex, race, disability, religion or belief and sexual orientation”.

Definition of disability

According to the Equality Act 2010 a person has a disability if:

- a) He or she has a physical or mental impairment, and
- b) The impairment has a substantial and long-term adverse effect on his or her ability to carry out normal day-to-day activities.

Current Range of known disabilities

The school has (and will continue have) children with a range of disabilities from moderate to specific learning disabilities.

Values

At Highfields Primary School our values reflect our commitment to a school where there are high expectations of everyone. Children are provided with high quality learning opportunities so that each child attains and achieves all that they are able to. Everyone in our school is important and included.

We promote an ethos of care and trust where every member of our school community feels that they truly belong and are valued. We work hard to ensure there are no invisible children here, recognising everyone’s uniqueness and success. We recognise learning in all its forms and are committed to nurturing lifelong learners. We are a safe school, committed to improving children's confidence and self-esteem. We know that safe and happy children achieve.

Contextual Information

Highfields Primary School has been in its current location since 1992. The school is a single storey building with wide corridors and several access points from outside. All areas have wide door access to all rooms. Within the school, we have two sets of split level stairs both consisting of four steps. Alongside these, the available ramps provide an alternative access to all areas of the school.

The entrances to the school are flat and all have wide doors fitted. The main entrance features a secure lobby and has been fitted with a semi-automatic door, this being fully accessible to wheelchair users. There is a disabled toilet available which is fitted with a handrail and a pull emergency cord.

We have an on-site car park for staff and visitors that includes a dedicated disabled parking bay.

The school has internal emergency signage and escape routes are clearly marked, this includes refuge areas for wheelchair users.

Purpose of Plan

This plan shows how Highfields Primary School intends, over time and in response to imminent changes, to increase the accessibility of our school for disabled pupils, staff, parents/carers and visitors.

Areas of planning responsibilities

- **Increasing access for disabled pupils to the school curriculum** - this includes teaching and learning and the wider curriculum of the school such as participation in after-school clubs, leisure and cultural activities or school visits
- **Improving access to the physical environment of schools** - this includes improvements to the physical environment of the school and physical aids to access education)
- **Improving the delivery of written information to disabled pupils** - this will include planning to make written information that is normally provided by the school to its pupils available to disabled pupils. The information should take account of pupils' disabilities and pupils' and parents' preferred formats and be made available within a reasonable timeframe

The Accessibility Plan will contain relevant actions to:

The Action Plan for physical accessibility relates to the Access Audit of the School, which is undertaken regularly. It may not be feasible to undertake some of the works during the life of this first Accessibility Plan and therefore some items will roll forward into subsequent plans. The audit will need to be revisited prior to the end of each first three-year plan period in order to inform the development of the new Plan for the following period.

We acknowledge that there is a need for on-going awareness raising and training for staff and governors in the matter of disability discrimination and the need to inform attitudes on this matter.

Management, Coordination and Implementation

- We will consult with experts when new situations regarding pupils with disabilities are experienced.
- The Governors and Senior Leadership Team will work closely with the Local Authority.
